95 POINTS

“Cool breezes and morning fog from the Monterey Bay refresh this 146-acre certified sustainable vineyard, which sits at the northern end of SLH. Planted on east-facing slopes on well-drained, ancient alluvial soils, this truly stunning white offers some unique aromas and flavors. Beginning with scents of chamomile, cashew and orange marmalade, the flavor progress with seared pineapple, brioche, and lychee on first sip. Minerality is apparent, with a glide of lemon oil and white flower petals on the finish.” –Meredith May
